Comments on proposed US Tax Reforms

The US Investment Manager Bridge Investment Group is currently undertaking a revaluation of the Fund's Net Asset Value to account for the reduction in the US Federal Corporate Tax Rate from 35% to 21%, effective from 1 January 2018.

As the Fund's investment into the US is structured via a "Corporate Blocker" entity, which pays US corporate tax, this reduction in US Corporate Tax is expected to have a positive impact on the Fund's NAV.

The impact of the US tax changes will be effective in unit prices commencing 31 January 2018.
