ABOUT THIS PDS

This Product Disclosure Statement (“PDS”) has been prepared and issued by Equity Trustees Limited (“EQT, “we” or “Responsible Entity”) and is a summary of the key information relating to an investment in Class B units in the Copper Rock Capital Global Small Cap Fund, known as the Spire Copper Rock Capital Global Smaller Companies Fund (the “Fund”). It contains a number of references to important information contained in the Spire Copper Rock Capital Global Smaller Companies Fund Reference Guide (“Reference Guide”), which forms part of this PDS.

You should consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund.

The information provided in this PDS is general information only and does not take account of your personal financial situation or needs. You should obtain financial advice tailored to your personal circumstances.

The offer to which this PDS relates is only available to persons receiving the PDS in Australia or New Zealand. New Zealand investors must read the Spire Copper Rock Capital Global Smaller Companies Fund New Zealand Investors Fact Sheet.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the US Securities Act of 1933 as amended (US Securities Act). The units in the Fund have not been, and will not be, registered under the US Securities Act unless otherwise approved by EQT and may not be offered or sold in the US to, or for, the account of any US Person (as defined) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws. A reference in this PDS and the Reference Guide to “we”, “us” or “our” is a reference to EQT and or Copper Rock as the context requires.

The Reference Guide

Throughout the PDS there are references to additional information contained in the Reference Guide under the heading “Further Reading”. The Reference Guide is available at www.eqt.com.au/insto. You can also request a copy free of charge by calling EQT on 1300 555 378 or Spire Capital on +612 9377 0755. The information contained in the Reference Guide may change between the day you receive this PDS and the day you acquire the product. You must therefore ensure that you have read the Reference Guide current at the date you acquire the product.

Updated information

Information in this PDS is subject to change. We will notify you of any changes that have a materially adverse impact on you or other significant events that affect the information contained in this PDS. Any updated information which is not materially adverse may be obtained online at www.eqt.com.au/insto or by calling Spire Capital on +612 9377 0755. 1. ABOUT EQUITY TRUSTEES LIMITED

The Responsible Entity

Equity Trustees Limited

EQT, a company listed on the Australian Securities Exchange (“ASX”), is the Fund’s Responsible Entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today EQT is a dynamic financial services institution which will continue to grow the breadth and quality of products and services on offer. EQT’s responsibilities and obligations as the Fund’s responsible entity are governed by the Fund’s constitution (“Constitution”), the *Corporations Act 2001* Cth (“Corporations Act”) and general trust law. As Responsible Entity, EQT is solely responsible for the management of the Fund. EQT has appointed Copper Rock as the Investment Manager of the Fund.

The Investment Manager

Copper Rock Capital Partners, LLC

Copper Rock was established on 1 February 2005 and provides specialised, growth equity investment management for pension and profit sharing plans, institutional investors, and mutual funds. As of 30 April 2014, the firm had approximately \$2.7 billion in assets under management. Copper Rock provides specialized global equity investment management solutions for institutional investors located throughout the world. We are specialists in small cap investing and our strategies are managed by a highly experienced investment team which combines the use of a proven and proprietary quantitative model with deep fundamental research to identify global small and mid-cap growth equities which provide superior earnings growth and returns relative to their peers.

The firm is an affiliate of Old Mutual Asset Management with the principals of Copper Rock having a significant ownership stake in the firm. Copper Rock benefits from the best of both worlds: the entrepreneurial environment of a small, specialised investment boutique with access to the substantial resources of a global financial services organisation.

Sales & Marketing Manager

Spire Capital Pty Ltd

Spire Capital is an independent employee owned funds management firm based in Sydney. Via the Spire Global Investment Series it offers Australian Self Managed Super Funds and retail investors access to the investment strategies of leading global fund managers across a variety of asset classes. The Fund forms part of the offerings available via the Spire Global Investment Series. Further information is available at www.spirecapital.com.au.

2. HOW THE SPIRE COPPER ROCK CAPITAL GLOBAL SMALLER COMPANIES FUND WORKS

The Fund is a registered managed investment scheme. The Fund is governed by the Constitution of the Fund. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Investors receive Class B units in the Fund when they invest. In general, each unit represents an equal interest in the Class B assets of the Fund subject to liabilities; however it does not give the investor an interest in any particular asset of the Fund.

Applying for units

Investors can acquire units by completing the attached application form ("Application Form") or by making an application through the mFund settlement service ("mFund") by placing a buy order for units with your licensed broker. The minimum investment amount for the Fund is \$10,000.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day (as defined in the Reference Guide), is in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread").

The Application Price will vary as the market value of assets in the Fund rise or fall.

Making additional investments

You can make additional investments into Fund at any time by sending us your additional investment amount together with a completed Application Form or by making application for units through mFund. The minimum additional investment into the Fund is \$5,000.

Distributions

The Fund usually distributes income annually at the end of June. Distributions are calculated on the last day of each period end (30 June), and are normally paid to investors within 14 days of the period end. EQT may amend the distribution frequency without notice.

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period and the distributable income. In some circumstances, where an investor makes a large withdrawal request (5% or more of the units on issue at the start of the relevant distribution period), their withdrawal proceeds may be taken to include a component of distributable income. Investors can have their distribution reinvested or paid to a nominated bank account. Investors who do not indicate a preference will have their distributions automatically reinvested.

Indirect Investors (as defined in the Reference Guide) should review their IDPS Guide for information on how and when they receive any income distribution.

Access to your money

Investors of the Fund can redeem their investment by completing a written request to redeem from the Fund and sending it to State Street Australia Limited, Unit Registry,

Level 14, 420 George Street, Sydney NSW 2000, Fax: +612 9323 6411 or by making a withdrawal request through mFund by placing a sell order for units with your licensed broker.

The minimum redemption amount is \$5,000. Once we receive your redemption request, we may act on your withdrawal request without further enquiry if the withdrawal request bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s) or if the withdrawal is received via mFund.

EQT will generally allow investors of the Fund to access their investment within 7 days of receipt of a redemption request. Withdrawal proceeds will be paid to an investor's nominated bank account or, where the request is received via mFund, to the investor's licensed broker. However, the Constitution allows EQT to make payment up to 30 days after receipt of a request (which may be extended by a further 30 days in certain circumstances). In certain circumstances, such as when there is a suspension of withdrawal, investors may not be able to withdraw their investments within the usual period upon request. The price at which units are redeemed is determined in accordance with the Constitution ("Redemption Price"). The Redemption Price on a Business Day, is in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). The Redemption Price will vary as the market value of assets in the Fund rise or fall. We reserve the right to fully redeem your investment upon 30 days notice if your investment balance in the Fund falls below \$10,000 as a result of processing your redemption request. EQT can deny a redemption request in certain circumstances, including where accepting the request would cause the Fund to cease to be liquid or where the Fund is not liquid (as defined in the Corporations Act). When the Fund is not liquid, an investor can only redeem when EQT makes a redemption offer to investors in accordance with the Corporations Act. EQT is not obliged to make such offers.

If you have invested indirectly in the Fund through an IDPS, you need to provide your redemption request directly to your IDPS Operator. The time to process a redemption request will depend on the particular IDPS Operator.

Unit pricing discretions policy

EQT has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available to investors free of charge on request to EQT.

Additional information

The Fund is not currently a disclosing entity as defined by the Corporations Act. If the Fund becomes a disclosing entity (generally this will occur when the Fund has 100 investors or more), it will be subject to regular reporting and disclosure obligations. Investors (but not Indirect Investors) will have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report;
- any half yearly financial report lodged with Australian Securities & Investment Commission ("ASIC") after the lodgement of that annual financial report but before the date of the PDS; and

- any continuous disclosure notices lodged with ASIC after that financial report but before the date of this PDS.

These documents can also be obtained from or inspected at an ASIC office.

Further reading...

You should read the important information in the Reference Guide “Investing in the Fund”, “Managing your investment” and “Redeeming your investment” sections, about:

- application cut-off times;
- application terms
- cooling-off rights;
- appointing an authorised signatories;
- reports that are made available;
- redemption cut-off times;
- redemption terms; and
- redemption restrictions, before making a decision.

The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

3. BENEFITS OF INVESTING IN THE SPIRE COPPER ROCK CAPITAL GLOBAL SMALLER COMPANIES FUND

The Fund aims to provide investors with diversification opportunities by investing in a portfolio of quality global small cap equities which offers superior and consistent returns compared with global large/mid cap equities. In selecting the portfolio of investments of the Fund, Copper Rock will focus on choosing global small cap equities which exhibit lower levels of risk relative to global large/mid cap equities at attractive valuations.

4. RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risk. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered when deciding whether to invest in the Fund. You may want to consider these risks in light of your risk profile. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

We do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. You may lose money by investing in the Fund and your investment in the Fund may not meet your objectives. The level of returns will vary and future returns may differ from past returns. Returns are not guaranteed and members may

lose some of their money. Laws affecting registered managed investment schemes may also change in the future. In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial advice, you should contact a licensed financial adviser.

Currency risk

The Fund may invest in securities denominated in currencies of other countries, and if their currencies change in value relative to the Australian dollar, the value of the investment can change. The Investment Manager may hedge foreign currency exposures into Australian dollars with the goal of reducing the impact of adverse movements in overseas currencies. There can be no assurance that foreign currency exposures of the Fund or any investments will be hedged at any, or all, times or that the Investment Manager will be successful at employing a hedging strategy. For New Zealand investors, please note that Application Prices and Redemption Prices are calculated in Australian dollars and redemptions are paid in Australian dollars. There may be a significant differences between:

- the New Zealand dollars paid to acquire units and the Australian dollars amounts against which investments are issued; and
- the amount of redemption proceeds paid by the Fund in Australian dollars and the amount received in New Zealand dollars, due to the foreign exchange spread.

Derivatives risk

The Investment Manager may, but is not required to, use derivatives for risk management purposes or as part of its investment strategy for the Fund.

The use of derivative positions to hedge the risk of physical securities will involve 'basis risk', which refers to the possibility that derivative positions may not move perfectly in line with the physical security. Fluctuations in the price of derivatives reflect movements in the underlying assets, reference rate or index to which the derivatives relate. As a consequence, the derivative positions cannot be expected to perfectly hedge the risk of the physical security.

Other risks associated with derivatives may include:

- loss of value because of a sudden price move or because of the passage of time;
- potential illiquidity of the derivative;
- the Fund being unable to meet payment obligations as they arise;
- the counterparty to any derivative contract not being able to meet its obligations under the contract; and
- significant volatility in prices.

Note that neither the Responsible Entity nor the Investment Manager guarantee that the Fund's derivatives strategy will be successful.

Emerging markets risk

The Fund may also hold investments in emerging markets, which are markets in certain countries which may not be as developed, efficient or liquid as in Australia or New Zealand. Therefore, the value of securities in these markets may often be more volatile and the markets for securities may be less

liquid. Emerging markets risk is also caused by exposure to economic structures that are less diverse and mature, and to political systems that are less stable, than those of developed countries. In addition, issuers in emerging markets may experience a greater degree of change in earnings and business prospects than would companies in developed markets.

Fund risk

Risks particular to the Fund include that it could terminate, the fees and expenses could change, the Investment Manager or Responsible Entity could be replaced and the investment professionals could change. There is also a risk that investing in the Fund may give different results than investing directly in the underlying assets of the Fund themselves because of income or capital gains accrued in the Fund and the consequences of investment and withdrawal by other investors.

Inflation risk

Inflation risk is the risk that returns will not be sufficiently higher than inflation to enable an investor to meet their financial goals.

Interest rate risk

Changes in official interest rates can directly and indirectly impact (negatively or positively) on investment returns. Generally, an increase in interest rates has a contractionary effect on the state of the economy and thus the valuation of stocks. For instance, rising interest rates can have a negative impact on the Fund's or company's value as increased borrowing costs may cause earnings to decline. As a result, the unit value or share price may fall.

International investing risk

The Fund will hold investments in global securities. Certain countries may impose restrictions on the ability of locally domiciled companies to make payments of principal, dividends or interest to investors located outside the country, due to blockage of foreign currency exchanges or otherwise. Generally, there may be less publicly available information about foreign companies due to less rigorous disclosure or accounting standards and regulatory practices. In addition, the Fund could be subject to risks associated with adverse political and economic developments in certain countries, which could cause the Fund to lose money on these investments.

Legal risk

There is a risk that laws, including tax laws, might change or become difficult to enforce. This risk is generally higher in emerging markets. Legal and regulatory risk may affect the performance of individual investments held by the Fund.

Liquidity risk

There may be times when there may be a limited secondary market for the securities in which the Fund may invest and that may affect the ability of the Fund to realise investments or to meet withdrawal requests (for example, in a falling market where companies may become less liquid). Small-capitalisation companies tend to be less liquid than larger capitalisation companies. The Investment Manager and the Responsible Entity attempt to mitigate the liquidity risk factor

by generally investing in securities that are believed to offer sufficient liquidity. Note that neither the Responsible Entity nor the Investment Manager guarantees the liquidity of the Fund's investments or of investments in the Fund.

Market risk

The market price of investments may go up or down, sometimes rapidly or unpredictably. Assets may decline in value due to factors affecting markets generally or particular industries represented in the markets. The value of an investment may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, supply and demand for particular securities or instruments, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. They may also decline due to factors which affect a particular industry or industries, such as labour shortages or increased production costs and competitive conditions within an industry. During a general market downturn, multiple asset classes may decline in value simultaneously. Further, changes in tax, legal and economic policy, political events and technology failure can all directly or indirectly create an environment that may influence the value of the investments of the Fund, and your investment in them.

Security selection risk

The Investment Manager may make investment decisions that result in low returns. This risk is mitigated to some extent by the knowledge and experience of the Investment Manager.

Security specific risk

There may be instances where a company or managed investment scheme will fall in price because of company/managed investment scheme specific factors (for example, where a company's or manager's major product is subject to a product recall). The value of investments can vary because of changes to management, product distribution or the company's business environment.

Small company risk

The Fund invests primarily in small-capitalisation companies. While small-capitalisation companies may offer greater potential for capital appreciation than larger more established companies, they may also involve greater risk of loss and price fluctuation. The market for securities of small-capitalisation issuers may be less liquid and more volatile than securities of larger companies. This means that the Fund could have greater difficulty buying or selling a security of a small capitalisation issuer at an acceptable price, especially in periods of market volatility.

Unquoted securities

The Fund has the ability to invest in unquoted securities and companies and due to the nature of these investments the Fund might not get back the full amount originally invested. Investments in unquoted securities are generally illiquid and, accordingly, the realisation of investments in those securities may take significantly longer than investments in quoted securities and/or may be at a discount to the fair value of those investments.

5. HOW WE INVEST YOUR MONEY

Before choosing to invest in the Fund you should consider the likely investment return, the risks of investing and your investment time frame.

Investment return objective

The Fund aims to outperform the MSCI World Small Cap Index by 2% to 3% p.a. gross over a full market cycle (e.g. 5 to 7 years).

Benchmark

MSCI World Small Cap Index.

Minimum suggested timeframe

The minimum suggested investment time frame for the Fund is at least 5 years.

Risk level of the Fund

High. There is a risk investors may lose some or all of their investment. Higher risk investments tend to fluctuate in the short term but can produce higher returns than lower risk investments over the long term.

Investor suitability

The Fund is suitable for investors seeking the diversification benefits of an allocation to international equities and who are seeking capital appreciation over the long term by investing in global small cap equities which Copper Rock believe have the prospects to generate superior returns.

Investment style and approach

Copper Rock believes using a hybrid fundamental-quantitative approach to identify companies with superior growth relative to their peers will lead to consistent levels of outperformance. Copper Rock seeks to identify the emerging leaders across industries because investing in future market leaders enables it to provide its clients with access to best-of-class companies at an early point in their growth cycle and before widespread investor interest drives valuations upward. The global equities team at Copper Rock has been utilising the same investment process since April 2002.

Asset allocation

- The Fund will invest primarily in equity securities of US and non-US issuers listed on globally recognised exchanges of developed markets.
- Investment in any one region or sector will generally be limited to +/- 6% relative to the Benchmark.
- Investment in any one security will generally be limited to +/- 3.5% relative to the Benchmark.
- The Fund may also invest up to 15% in emerging markets.
- The securities in which the Fund may invest include common stocks, preferred stocks, convertible debt, depository receipts, rights and warrants. The Fund may also invest in initial public offerings and private placements.
- The Fund will generally hold between 80 and 120 securities.
- The top 20 holdings will generally form 30% to 40% of the Fund.
- The Fund will generally hold a maximum of 5% in cash.

- The Fund will generally be unhedged, but there may be instances where the Fund has the ability to Hedge back into USD.

Labour, environmental, social and ethical considerations

EQT and Copper Rock do not take into account labour standards or environmental, social or ethical considerations for the purpose of selecting, retaining or realising investments of the Fund.

Fund performance

Up to date information on the performance of the Fund will be available by calling Spire Capital on +612 9377 0755. A free paper copy of the information will also be available on request.

Changes to the Fund

EQT reserves the right to terminate the Fund or change the Fund's investment objectives (including the benchmark, asset allocation, investment objectives and investment style and approach) and/or replace the Investment Manager without providing prior notice to investors in some cases. We will inform investors of any material changes to the Fund in accordance with the law.

6. FEES AND COSTS

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

Your employer may be able to negotiate to pay lower administration fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

The information in the following table can be used to compare costs between this and other managed investment schemes. Fees and costs are deducted from the assets of the Fund and reduce the investment return to unit holders.

Fees when your money moves in or out of the Fund

TYPE OF FEE OF COST	AMOUNT
Establishment fee	Nil
Contribution fee	Nil
Withdrawal fee	Nil
Termination fee	Nil

Management costs¹

TYPE OF FEE OF COST	AMOUNT
The fees and costs for managing your investment	1.38% ² (net of GST and RITC) p.a. of the NAV of the Fund.
Performance fee expense	15% (net of GST and RITC) of the investment return above the Fund's Benchmark after fees is payable to the Investment Manager as an expense of the Fund. See 'Performance fee' below for more information on the performance fee.

1. Management costs quoted are inclusive of Goods and Services Tax ("GST") and net of any Reduced Input Tax Credits ("RITC") at the prescribed rate, which is currently either 55% or 75% (depending on the nature of the fee or expense).
2. This fee can be negotiated. See "Differential fees" below.

Additional explanation of fees and costs

What do the management costs pay for?

The management costs include Responsible Entity fees, investment management fees, custodian fees, administration fees and other expenses. It is calculated and accrued daily based on the NAV of the Fund. The accrued fees are paid in arrears from the Fund at the end of each month. The management costs reduce the NAV of the Fund and are reflected in the unit price.

Performance fee

In addition to the investment management fees that are part of the management costs, the Investment Manager may also receive a performance fee. The performance fee is payable when the Fund achieves positive performance and outperforms the Benchmark (after fees), subject to a high watermark. The high watermark is the greater of either the unit price at the last time a performance fee was paid or the Fund's initial unit price if no performance fee has ever been paid.

The performance fee is set at 15% (net of GST and RITC) of the net amount of the outperformance above the Benchmark. If payable, the performance fee will be paid from the Fund's assets to the Investment Manager at the end of June each year.

Under a Distribution Agreement entered into between Copper Rock and Spire Capital, Spire Capital will receive one-third of any Performance Fee paid.

Buy/sell spread

The Buy/Sell Spread reflects the estimated costs incurred in buying or selling assets of the Fund when investors invest in or redeem from the Fund. The Buy/Sell Spread is an additional cost to the investor but is incorporated into the unit price and incurred when an investor invests in or redeems from the Fund and is not separately charged to the investor.

The Buy/Sell Spread is paid into the Fund and not paid to EQT or the Investment Manager. The Buy/Sell Spread can be altered by the Responsible Entity at any time to reflect the actual costs incurred by the Fund. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The estimated Buy/Sell Spread is 0.20% upon entry (\$10 for each investment of \$5,000) and 0.20% upon exit (\$10 for each \$5,000 redeemed).

Can the fees change?

Yes, all fees can change without investor consent. In most circumstances, the Constitution defines the maximum fees that can be charged. We will generally provide investors with at least 30 days notice of any proposed change to the Responsible Entity fee. Expense recoveries represent a reimbursement from the Fund to recover those expenses we incur in connection with the day-to-day operation of the Fund. We have the right to recover all proper and reasonable expenses incurred in managing the Fund and as such these expenses may increase or decrease the management cost accordingly. Expense recoveries and Buy/Sell Spreads may change without notice, for example, when it is necessary to protect the interests of existing members and if permitted by law.

Differential fees

The Responsible Entity may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with investors who are Wholesale Clients.

mFund

Warning: if you are transacting through mFund your stockbroker or accredited intermediary may charge you additional fees (see their Financial Services Guide).

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for this managed investment product can affect your investment over a 1 year period. You can use this table to compare this product against other managed investment products.

EXAMPLE – SPIRE COPPER ROCK CAPITAL GLOBAL SMALLER COMPANIES FUND		BALANCE OF \$10,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR
Contribution Fees	Nil	For every \$5,000 you put in, you will be charged \$0.
Plus Management costs	1.38% p.a.	And, for every \$10,000 you have in the fund you will be charged \$138 each year.
Equals Cost of fund		If you had an investment of \$10,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of: \$138.* What it costs you will depend on the fees you negotiate.

* Disclaimer: Additional fees may apply, for example, if you consult a financial adviser. If you do, please refer to the Statement of Advice provided. The example above assumes that the \$5,000 was contributed at the end of the year.

ASIC provides a fees calculator on its 'moneysmart' website www.moneysmart.gov.au, which you could use to calculate the effects of fees and costs on your investment in the Fund.

7. HOW MANAGED INVESTMENT SCHEMES ARE TAXED

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund. The Fund is an Australian resident for tax purposes and does not pay tax on behalf of its members. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund.

8. HOW TO APPLY

To invest please either complete the Application Form accompanying this PDS and;

- attach your cheque payable to 'State Street Bank & Trust Co – RBA2', or
- make payment by Austraclear or via direct deposit (see details in the Application Form), and send your Application Form to State Street Australia Limited, Unit Registry, Level 14, 420 George Street, Sydney NSW 2000; or;
- ask your licensed broker to apply for units in the fund via mFund. In this situation, you will need to provide the application money in relation to your application to your licensed broker.

Please note that cash cannot be accepted. No interest is earned on application monies.

Who can invest?

Anyone can invest directly however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the Application Form provided by the operator of the IDPS.

Cooling off period

If you are a Retail Client you may have a right to 'cool off' in relation to an investment in the Fund within 14 days of the earlier of:

- confirmation of the investment being received or available; and
- the end of the fifth business day after the units are issued or sold.

Indirect Investors should seek advice from their IDPS operator as to whether cooling off rights apply. The right to cool off may not apply if you are an Indirect Investor, even if you are a Retail Client. The terms and conditions of the IDPS Guide or similar type document will govern your investment in relation to the Fund and any rights you may have in this regard.

Enquiries and complaints

If you have any questions regarding the Fund you can call Spire Capital on +612 9377 0755. If you are not completely satisfied with any aspect of our services regarding the management of the Fund, please contact EQT. EQT seeks to resolve potential and actual complaints over the management of the Fund to the

satisfaction of investors. If an investor wishes to lodge a written complaint please write to:

Compliance Team

Equity Trustees Limited
GPO Box 2307, Melbourne VIC 3001
Email: compliance@eqt.com.au
Ph: 1300 555 378

EQT will seek to resolve any complaint and will respond as soon as practicable. If we are unable to resolve your complaint within 45 days, you may be able to seek assistance from the Financial Ombudsman Service (FOS). Details of how to seek assistance from FOS are contained in the Reference Guide. If you are investing through an IDPS, then enquiries and complaints should be directed to the operator of the IDPS Operator, not EQT.

Further reading...

You should read the important information in the Reference Guide "Enquiries and complaints" section, about enquiries, complaints and the FOS before making a decision. Go to the Reference Guide at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

9. OTHER INFORMATION

Consent

Copper Rock Capital Partners, LLC has given and, at the date of this PDS, has not withdrawn, its written consent:

- to be named in this PDS as the Investment Manager of the Fund; and
- to the inclusion of the statements made about them in sections 1, 3, 4, 5 and 8 of this PDS and section 4 of the Reference Guide, which are attributed to it, in the form and context in which they appear.

Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements. For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.

When you sign this Application Form you declare that you have read and agree to the declarations above.

Key Definitions for the FATCA Section

It is the responsibility of prospective investors to inform themselves as to the tax consequences to them of buying, holding, selling (or otherwise transferring) or redeeming shares under the laws of the country(ies) in which they are or may be taxable. These definitions are provided for your information only and you are encouraged to seek the assistance of an independent financial professional or tax adviser to facilitate the completion of this form.

A **Foreign Financial Institution** is a non-US entity (e.g. company, partnership or trust) that engages in one of the following:

- i. accepts deposits in the ordinary course of a banking or similar business (depository institution);
- ii. holds as a substantial portion of its business (equals or exceeds 20 percent of the entity's gross income) financial assets for the account of others (custodial institution);
- iii. is an investment entity including entities that trade in financial assets or that are investing, administering, managing funds, money, or certain financial assets on behalf of other persons
- iv. is an insurance company; or
- v. is an entity that is a holding company or treasury centre that is a part of a group that includes one of the above.

For further information regarding these definitions refer to: <http://www.irs.gov/Businesses/Corporations/Information-for-Foreign-Financial-Institutions>

An **IGA** (Inter-Governmental Agreement) means an agreement between the US or the Treasury Department and a foreign government to implement FATCA through reporting by Financial Institutions to such foreign government (Model 1) or to the IRS (Model 2).

A **controlling person** is any individual who directly or indirectly exercises ultimate effective control over the entity. For a company, this includes beneficial owners controlling more than 25% of the shares in the company. For a Trust, this includes Trustees, Settlers, Protectors or Beneficiaries. For a partnership this includes any partners.
